THE CLASS OF 1975

NEW BEDFORD VOCATIONAL

HIGH SCHOOL

As your graduating class moves towards the responsibilities of adulthood, I remain confident that the training and education received at New Bedford Vocational High School has prepared you for the years ahead. The times are troubled and your challenges are great, but with the same enthusiasm and dedication of your forefathers, I know you will continue to make this great country even greater.

Congratulations on your fine accomplishments, and the best of luck in the future.

J. Barbero

MR. J. BARBERO, JR., DIRECTOR

Congratulations and best wishes to the class of 75. I consider it a distinct privilege to have had the opportunity to return and to share this year with you. Your lives have grown and developed because you have focused on goals, dedicated four years to learning, and disciplined yourselves to achieve. "The will to win is not nearly as important as the will to prepare to win."

H. Kummer

MR. H. KUMMER, ASSISTANT DIRECTOR

I am happy to extend my congratulations and best wishes to the Class of 1975. I am confident that the knowledge you have gained here at New Bedford Vocational High School will serve as a firm foundation upon which to build in future years. Continue to learn and to grow, continue to practice in the community the qualities of good citizenship you have shown here at school . . . in this way you will be following the fine tradition of Vocational High School graduates of past years.

M. E. CRONIN, ASSISTANT DIRECTOR

FOREWORD

The yearbook of the Class of 1975 —
What is a yearbook but a
fragment of time

Captured in essence . . . crystallized . . .
The intangible translated into the
tangible

To be kept . . . chuckled over . . .
dreamed over . . . sighed over . . .

To go with us, this fragment
of time, into the future

To help our dreams stay real . . .
our loyalties endure . . .

Our goals remain clear and
unadulterated . . . our
friendships warm.
To others, these years were
perhaps part of childhood's
landscape,
Part of young married years,
middle of old age;
But for us, the Class of '75,
They were our years at New Bedford
Vocational High,
Years that gave us the power
to live fully . . .
To work in our chosen vocations . . .
To enjoy life with a deep,
full realism.
These were the years that led us
to the threshold of life —
Our years . . . our yearbook.

DEDICATIONS

MR. GEORGE J. BETTENCOURT, a 1943 graduate of New Bedford Vocational, began his teaching career as a night school instructor in 1950. September 1951 saw him as a full time instructor and he is now in his twenty-fourth year of teaching.

For six years Mr. Bettencourt served as coach of the N.B.V.H.S. Golf Team.

Through the years and continuing still, Mr. Bettencourt interests himself in his students, not only toward success in their trade but for an all encompassing successful life.

MR. EDWARD A. GUILLETTE started as a Carpentry Instructor at N.B. Voke High School in January 1967. He has been involved in shop league, softball, and basketball. He was supervisor of the work study program, Junior Class Advisor and Senior Class Advisor. He has inspired all students to enjoy and participate in school activities while acquiring the most versatile education in the trade, possibly leading toward an ambitious and prosperous future.

We, the Class of '75, dedicate this book to MR. MANUEL RAPOZA. We express our sincere thanks for the interest he has shown in us, as well as the cooperation and assistance he has so freely extended during the past four years.

Mr. Rapoza has been a great teacher and friend to his many students here at Voke, and he will always be remembered by us.

RETIREMENT

Mr. Wobecky was a graduate of New Bedford Vocational Electrical Department and after having a successful business of his own returned in 1941 as an instructor.

During the next twenty-three years, he involved himself with the students as class advisor, golf coach and under his supervision the electronic organ in Hammond Auditorium was constructed. In 1966, Mr. Wobecky was appointed Assistant Director, a position he held up to his retirement. Recently, he wrote and published a course of study for the Industrial Electricity Lab complete with teacher and student manuals. He created, designed, and manufactured this Learning Lab. Mr. Wobecky plans to enjoy some of his leisure hours by golfing and further designing and writing of technical manuals and equipment.

Mr. Albert C. Wobecky
Assistant Director

RETIREMENT

Mr. Foley, who holds a Massachusetts First Class Operating Engineers License, a Massachusetts Nuclear Supervising Engineers License, began his teaching career here at New Bedford Vocational as a night school instructor, which position he still retains. In 1941, he became a full time day school instructor and in 1950 attained the position of supervisor of his department, Steam Engineering. Many former graduates will long remember Show Time, which Mr. Foley produced and directed for some twenty years. Other extra-curricular activities to which he has given of his time are, Yearbook advisor, thirty years, and the supervising of setting up and selling tickets for our football and basketball games.

Good luck, Mr. Foley, and may you have many years following your interests in fishing, gardening, and traveling.

Mr. Francis F. Foley, Supervisor
Steam Engineering Department

GIRLS DEPARTMENT FACULTY

FIRST ROW; Left to Right: Mary E. Houghton, Maryann Williams, Alberta C. Silveira, Joan Parkin, Edward Cambra, Manuel Rapoza, Grace Jeffrey, Thelma M. Bagley, June C. Stringer, Joan Brennan.
SECOND ROW; Left to Right: Miriam M. Moore, Roberta J. Hallett, Mary Jane Gebski, Nancy E. Barrett, Suzanne L. Phillips, Mariana B. Harkins, Alice E. Woodacre, Helen I. Ramsbottom.

During our four years at N.B.V.H.S., the students in the busy Girls' Dept. complete a large variety of subjects.

Freshman girls learn the basics of personal hygiene, home nursing, human relationships, clothing, nutrition, and other methods and skills to manage a home. Everyone also takes other courses, such as English, General Science, Arithmetic, Art, and Physical Education.

As Sophomores, students have two terms of Child Care, which prepare them for nursery school practice the following year. Other subjects include English, Biology, Civics, Clothing, Nutrition, Career Information, and Physical Education. Algebra and Typewriting can also be taken as electives.

The Junior girls have two schedules. For twenty weeks, half of the class in the cafeteria cooks for the entire school. When these girls are not working in the cafeteria, they are studying subjects such as English, U.S. History, Health, Clothing, American Red Cross Home Nursing, and Textiles. Some also add a course in Office Machines to their daily schedules.

Senior girls can choose one of three courses: Nurse Aide, Child Care Aide, or General Home Economics.

The Nurse Aide Course is made up of a small group of girls, most of whom intend to become L.P.N.'s or R.N.'s. Students practice caring for patients by working at St. Luke's Hospital for two days a week. They also work in various nursing homes. When these girls graduate, they are qualified nurses' aides ready to go to work in the community.

Seniors who choose the Child Care Aide course are taught to work with young children. They train both in the classroom and at different day care centers, kindergartens, and schools for the retarded in and around the city. Upon graduation, these students are qualified child care aides.

Seniors who choose to take General Home Economics as a major receive specialized training in foods, clothing, and accessories, crafts, and textiles. These girls also prepare meals for the faculty and serve them in the tea room.

All senior girls study subjects such as English, Consumer Education, Clothing, Hostess, and Occupational Information. Some supplement their curriculum by selecting courses in Algebra, Geometry, and/or Basic Record Keeping.

Spending four years at Vocational High School is a very enlightening and enjoyable experience.

CROSS COUNTRY

FRONT ROW; L to R: J. B. Buckley, Paul Maguire, Danny Oliver, Willie Hierholcer, and Tim Gago.
BACK ROW; L to R: Coach Jim Souza, Mario Brito, Bob Dumas, Mark Kaeterle, Mario Monteiro, Capt. Dave Maguire, Gus Mortagua, George Robichard, and Mike Michalski.
Missing when picture was taken were Doug Estrella and Bill Smith.

New Bedford Voke's Harriers finished their initial season of varsity competition with a record of 10-1, a second place finish in the SMC Division II, and a fifth place finish in the State, Division 4 competition.

The team was led by three all conference standouts: Capt. Dave Maguire, Tim Gago, and Mario Brito with a back-up punch from two outstanding freshmen, Willie Hierholcer and Danny Oliver with Junior Mario Monteiro providing a little extra in the clutch.

Dave Maguire set a new school record over the 2.8 mile course at the Whaling City Golf Course with a time of 15:44.

Sophomore stand-out, Tim Gago set a new course record at Whittier Tech and new sophomore record on Taunton's course. He also qualified for the All State Cross-Country championship.

The highlite of the season was the 2nd place finish in the Bristol Voc-Tech Cross-Country Championship.

The Junior-Varsity also had a winning season with a record of 4-1. They were led by J. B. Buckley, Bob Dumas and Steve Matson.

The outlook is potentially bright for the Vocational Harriers next year.

ROW 2; Steve Telo, Mgr. Dick Lamarre, Don Spooner, Carl Romonowicz, Ray Richard, Mark Kaeterle, Dave Gonsalves, Roger Trommenschlager, Mark Girouard.

The 1974 baseball team gave Mr. Norton a winning season as a parting gift on his retirement, after serving 28 years as varsity baseball coach.

The team ran up a series of early victories and maintained a good league position that gave signs of a winning season.

Every player contributed immeasurably throughout the baseball season: outstanding were Ronny Girourd, pitcher and outfielder and great leader and captain of the team; Mark Girourd, probably the best all-around player on the team; Ray Richard a standout at first and on the mound; Roger Trommenschlager, pitcher and outfielder and was one of the best clutch hitters in the league; John Medeiros, outfielder, contributed a great part to the success of the team but had to fight off an injury he had suffered in his freshman year which plagued him the rest of the way: Steve Sherman was drafted from the minors and skillfully demonstrated he was a varsity player at second base; Mike Feliciano deserves a tip of the hat for stepping in at a critical stage of the season and giving his best behind the plate; we cannot forget the home plate block made by David Sylvia on the only play and only opportunity he had to play varsity — that one play saved a ball game; another player who substituted for Feliciano, Dennis Oliveira, who saved two games by his alertness and solid backstopping; Carl Romanowicz gave a superb exhibition of good consistent fielding and hitting for the club.

Mr. Johnson, new baseball coach for 1975, has a good nucleus for the coming season. I wish him and his squad the best possible season.

John McCue leaves this school

Donna McDonald leaves Mr. Colucci saying, "Donna, make your face turn red!"

Debbie Medeiros leaves Mrs. Cameron saying, "Please spit out your gum."

Jane Mello leaves some poor Junior detailed instructions on how to give an enema

Leonard Mello leaves the Drafting Department

Paul Meunier leaves Mr. Forand a flat rock

Mike Michalski leaves never to return

Stephen Mis leaves in a hurry

Lou Moreau leaves two empty lockers

John Noel leaves Mr. Rogers a three dollar bill

Karen O'Neil leaves still stubborn and with no regret

Mark O'Neil leaves the first lunch shift to Mario Texeira

Stephanie Panagakos leaves her work to Mr. Rapoza

Eddy Parent leaves the school a case of red, white, and blue

David Parkin leaves an unfinished book

Tim Paul leaves Mr. Simmons (finally)

Robert Peckham leaves Mr. Phillips still arguing

Susan Peets leaves the school hoping to have a good future

Donna Pepin leaves very happy

Denise Pierce leaves still being moody, stubborn, and quiet.

Antonio Pinheiro leaves his soccer shoes to a lucky Freshman

Ann Ponte leaves her height to some lucky guy on the basketball team

Ann Ramos leaves a Junior her seat in Consumer class

Michael Reed leaves Mr. Almeida his tardy slips

Mike Richard leaves his goalie jersey to anyone who is "stupid" enough to wear it

Danny Rodrigues leaves Mr. DeRochle his absentee slips

Gilbert Silva leaves Mr. Cebula a bottle of vinegar

Charles Soares leaves his burn-out in front of Mr. Cournoyer's shop

Paul Sokoll leaves Massachusetts

John Souza leaves Mr. Drieson a dozen golf balls

Michael Souza leaves Yogi a picnic basket

Tony Sousa leaves Mr. Holt peacefully

Mary Stoffers leaves her body to Auto Dept. for replacement of parts

Susan Texeira leaves some Junior all her absentee slips

Janine Thibault leaves her tiredness to some unlucky Junior

Bob Tootle leaves the parties at lunch time

Loretta Trahan leaves very happy

Rene Trial leaves Mr. Duval wondering who is the Duplicator

Scott Whiting leaves Mr. Simmons a book on how to improve your golf swing

We Would like to thank Mr. Rapoza, Brian Daniel, Joe Reedy and Steve Matson for their help with the yearbook.

Special thanks to George Gallop and David Parkin, without them this yearbook might never have been possible.

Good-by class of '75' it was a riot.

CRYSTAL BALL

Arthur Agrella will be still having car trouble

Beth Alfredo will be leaving New Bedford and still waiting to get her Continental

Tiny Almeida will still be telling Lorilyn, "Check out those orderlies."

Susan Andrews will be on Broadway

Dennis Antone will be gone for good

Debbie Arruda will be going to school and getting married

Paul Baillargeon will be at a higher status

Karen Barboza will always be saying the wrong things at the wrong time!

Angela Bardsdale will be happily married with children and still singing Barbra Striesand's songs

Robert Beauregard will be on a trip, high in the mountains

Lorilyn Ben David will still be arguing about something with somebody

Paul Benevides will be coming back to Voke to take over Mr. Cournoyer's job

Marie Bentley will be married to Octavio and own a home

Kenneth Berube will be out of the city

Diane Bettencourt will always look like Cher

Steve Bisaillon will be a mechanical engineer

Robert Boivin will be a nobody

Raymond Bonneau will be looking for a job for the next 10 years

Michael Brown will be a legend

Debbie Bruce will still be running around the hospital with Karen and Jeanne looking for that maintenance man

Deborah Brumley will be traveling and then settling down with Henry

Wayne Burgo will be in the Tropicana

Steven Burrer will be out of New Bedford

Paul Charest will be looking for a good paying job

Alan Cieplik will be moving as far away as possible

Nelson Conchinha will be in college

Air Ball Conlon will be at Jungle Beach diginit

Cindy Constant will be moving out and staying single

Randall Correia will be a janitor at the new Voke

Cynthia Cusson will be on her way cross-country

Maria deMelo will always be trying to understand English

Annette Desrosiers will be in the 1980 Olympics

Brian Devaney will be leaving the country

Pat Duarte will always get the munchies but never gain the weight

Alan Dubois will be hanging around street corners

Jeanne Dufresne will still be trying to get a job as a construction worker

Mark Dumont will be leaving to go to work

Mark Dupuis will be moving to Connecticut

Marc Duval will be lifting weights

Tom Estrella will be out of this country

Michael Feliciano will be very prosperous

Robert J. Ferreira, Jr. will be out of New Bedford

Patricia Forand will be happily married

Thomas Gajewski will be a successful electrician

Brian Gallagher will be trying to find the easy way out

George Gallop will be dealing gum

Fred Garcia will be in the trade. "I hope!!"

Marc Girouard will be a star

Helen Gomes will be a famous model in New York City

Steve Conneville will be thinking of the past 4 years

Jose Goncalves will be cutting gears

Dave Gonsalves will be out of New Bedford

Arthur Goyette will be home relaxing

Kerry Grace will be enjoying life

Michael Guilbeault will be enjoying life

Theresa Hathaway will still be trying to convince people about her spirits

Carol Haydt will still be sleeping in class

Paul Hebert will be trying to get R. J. Barrett's job

Gayle Henner will always be dislocating her kneecap doing exercises

David Henry will be a successful electrician

Nick Katsoules will be taking life as it comes

Dan Lamarre will be a dog trainer

Debbie LaVault will be traveling around the world, going around the rainbow, and finding a pot of gold at the end of it

Brenda Lavertu will always be doing homework

Joyce Lavoie will be trying for inhalation therapy at St. Luke's, and raising Troy and anyone else.

Paul R. Lavoie will be recovering from his four years at Voke

Peter R. Lavoie will be in college!

Bob Leger will be 18 finally!

Mike Loria will be a little taller

Louise L. 'Heureux will still be saying, "Prove it!"

Jordan Louro will be on vacation

Wendy Magan will still be floating around on cloud 9

Rolande Magnant will still be laughing at anything and everything

David Maguire will be furthering his education and playing sports

Gloria Maillet will always be dreaming of becoming a great writer

Arthur Martin will be free!

Lynne Matesich will still be getting blamed for the stupid things that Sue does

Peter McCoy will always be the real McCoy

John McCue will be an E.T.

Donna McDonald will still be trying to grow to be 6 feet tall

Debbie Medeiros will be a lady barber and hairdresser

Ernest Medeiros will be gone and hopefully working

James Mello will be hanging around

Jane Mello will still be wrecking cars and parking on the wrong side of the street

Leonard Mello will be a draftsman

Paul Meunier will be a successful electrician

Mike Michalski will be a drifter

Stephen Mis will be unemployed

Ron Moreau will be trying to get away

Karen O'Neil will be hoping to leave New Bedford and never come back

Mark O'Neil will be looking for work

Stephanie Panagakos will be the greatest hairdresser in the country

Eddy Parent will be truckin — the hard way

David Parkin will be out here in the field

Tim Paul will be working

Robert Peckham will be still hustling Mr. Riley

Susan Peets will be married

Donna Pepin will still be riding her bicycle

Denise Pichette will be happily married with a family

Denise Pierce will always be stubborn and arguing with someone

Antonio J. Pinheiro will be working and traveling

Ann Ponte will finally be married and living in New Hampshire

Ann Ramos will be married

Michael Reed will be buzzing

Mike Richard will be still trying to figure out the "softies" in the welding shop

Danny Rodrigues will be talking

Carl Romanowicz will be living it up on a mountain top

Gilbert Silva will be doing brain surgery on Lenny

John B. Silva will be a successful machinist

Charles Soares will be enjoying life with his girl

Paul Sokoll will be out of Massachusetts

John Souza will be touring the country

Michael Souza will be partying

Tony Sousa will be doing the bump

Mary Stoffers will still be running around waking people up on Monday mornings as she streads through the halls screaming, "Wooo Hooo!"

Joe Taylor will be a happy go lucky freak and always buzzing

Peter Teves will be touring the U.S.A.

Susan Texeira will still be doing things and seeing Lynne get the blame

Janine Thibault will still be wondering if she will make it through the day

Bob Tootle will be singing in a rock band

Loretta Trahan will still be trying to pass a vocabulary test

Rene Trial will be married and driving around in his Grand Prix

Kenneth Walecka will be movin on!

Scott Whiting will not we able to travel and see the country

CLASS HISTORY

We, the 1975 Seniors of New Bedford Vocational High School, began our freshman year in September of 1971. Excitement and anticipation ran high among us as we were introduced to many new people and our strange surroundings.

In October, we were honored by the Junior Class, which sponsored the Welcome-Freshmen Dance, a great success. Some of us girls also participated in a fashion show, which was held at Keith Junior High.

The end of our first year found us at home in our new environment and looking forward to taking larger and larger steps into a busy school life.

September of 1972 soon rolled around, bringing with it our sophomore year. One of the highlights of the year was the field trip to the New Bedford Whaling Museum, which was enjoyed by the girls. Having read Herman Melville's Moby Dick, we really appreciated our visit to Johnny Cake Hill. Comparing our life style today to that of whalers of long ago is interesting to do. As we watched a silent movie called "Down to the Sea in Ships," we went on an exciting Nantucket sleigh ride! We also went across the street to the Seaman's Bethel, which is mentioned in the early part of Melville's classic. One cannot help but be impressed by the beautiful upkeep of these old buildings.

The Loyalty Day Essay Contest, which is sponsored annually by the Andrews-Dahill Post of the Veterans of Foreign Wars, was won by Susan Texeira, one of our sophomores, who displayed outstanding citizenship qualities. Sue later represented Voke in the Loyalty Day Parade.

A number of sophomores attended open house at St. Luke's Hospital, where we were taken on a tour so that we could gain insight into careers in the medical field. This also helped us to determine whether or not we would later participate in the nursing program offered at Voke.

It was in September of 1973 that we, as juniors, really began to become involved in a large number of school activities. First we sponsored the Welcome-Freshmen Concert in October. After having sold candles, Voke jackets, magazine subscriptions, and candy to families and friends, some members of our class, accompanied by a number of faculty members, took a never-to-be-forgotten trip to New York City on January 26. Some of us also joined other Voke students, teachers, and friends in a delightful and educational trip to historical old England, departing from Logan Airport on April 11 and returning ten days later.

Those elected to the Student Advisory Committee for the 1973-1974 school year were Donna McDonald, Yvette Michaud, Peter McCoy, Al Trahan, and Richard Correia. Dennis Antone, Sr., was also voted

to represent our school on Student Government Day at the State House in Boston on April 6.

The Student Exchange this year was with Seekonk High School. Voke participants were Robbin Lackie, Robert Ferreira, Cathy Goldrick, Peter Lavoie, Susan Texeira, Peter Vannasche, and Brian Gallagher. Mrs. Nancy Barrett and Mr. Jeffrey Riley served as advisors.

Junior Class officers were Michael Richard, president; Joe Couto, vice-president; Louise L'Heureux, secretary; and, Arthur Martin, treasurer. Advisors were Mrs. Suzanne Phillips and Mr. Edward Guillette.

A pool and pizza party at the Y.W.C.A. helped some of us lick the winter doldrums. End-of-the-year events included the Junior Prom, which was held at Gaudette's Pavilion on May 3, and the outing at Cathedral Camp on a beautiful, sunny day. We all had lots of fun and laughs on both occasions.

In September of 1974, we returned to Voke for the last time, this time as mighty seniors. We learned that our advisors would again be Mrs. Phillips and Mr. Guillette. An election determined that our class officers would be Joe Couto, president; Mack Caban, vice-president; Lynne Matesich, secretary; and, Susan Begley, treasurer.

On September 28, we had a car wash at school in order to raise much-needed money. Everyone who worked had a super time.

November 15 found the senior girls leaving by bus with Mrs. Miriam Moore, our English teacher, for a field trip to Salem, where we visited the House of the Seven Gables and the Witch Museum. Mrs. Maryann Williams and Mrs. Grace Jeffrey also accompanied us on this enlightening tour.

The necessity to raise funds for class projects resulted in our selling Abigail Martin products and candy, and also holding a rock concert in Hammond Auditorium on January 18. Two rock groups, Phase IV and Main Street, helped to make this a memorable evening.

The whole school participated in a giant auction, which was held in Hammond Auditorium on March 8. Proceeds reaching into the thousands benefited all school activities and clubs.

The 1974-1975 Student Advisory Committee was comprised of the following members: Karen Barboza, Susan Begley, Rene Trial, David Gonsalves, and Peter McCoy. This year Paul Quintin represented Voke on Student Government on April 6.

Michael Richard was captain of the Voke football team for the 1974-1975 season. Our team was Division 3 Southeastern Conference Champ that winter, with nine wins and one loss; it was fourth in the state. This made us very proud, since it was our first winning season in nineteen years. One of the most exciting games was the

18-7 victory over Stang High School on November 23, 1974. The last time we had toppled Stang had been in 1965, nine years earlier.

It was announced on March 13, 1975, that Lynne Matesich had won the Betty Crocker "Search for Leadership in Family Living Contest", which had been entered by all senior girls in December. Lynne was guest-of-honor at a tea, which was prepared by her classmates and attended by her parents, teachers, administrators, and other seniors. She was presented with a sterling keepsake charm and a corsage.

The busy year passed quickly and the end-of-the-year events began with the Senior Prom, which was held at White's Grand Ballroom on May 15. Whereas in the past, students had been required to wear gowns and tuxedos, this year they were allowed to wear midi-skirts and suits with turtlenecks or shirts and ties. Starting off the affair was a speech given by Mr. Norton. The meal was family-style chicken and roast beef with all the accompaniments. Except for one student's car being covered with paint some time during the evening we all felt that it had been a really grand night.

The Senior Outing was held at Lincoln Woods in Rhode Island on May 28, which turned out to be a perfect day--warm and sunny with low humidity. The following Monday, on June 2, Class Day was held in Hammond Auditorium. This consisted of moving pictures depicting events which we considered worthy of remembrance.

June 4 finally arrived, and with it, graduation. The white gowns traditionally made by the girl graduates were again the central attraction. As we stepped forward to receive our long-coveted diplomas, we were happy at having at last reached our goal, but sad, nevertheless, at the realization that we were about to part from each other and proceed along our separate paths of life.
